The Carers of the Year Awards are about recognition for Carers and placing a value on the wonderful work that they do everyday in their homes sometimes unnoticed and often unsupported. Family Carers provide over 3.5 million hours of care every week in the home for their loved ones saving the state over 2.5 billion a year.

There are two categories of Carers within the Awards Ceremony; a Carer of the Year and Young Carer of the Year. Young Carer refers to a Carer under 18 years who provides care for a loved on in the home.

There are incredible people all over the country today providing high levels of care for their loved ones at home and we want you to tell us about them.
