

On Your Bike for ABI Ireland

A superb fund raising cycle was held in aid of Acquired Brain Injury Ireland Cashel on Saturday March 26th. It was a beautiful spring morning as the **57** cyclists set off on their journey from Cashel to Waterford.

Escorted by Garda Mick Byrne from the Cahir Traffic Corps, in the company of the Order of Malta and a group of Marshals from The Rock Rebel Motor Cycle Club lead by Tom Cahill the cyclists set out on their journey at 10am.

Refreshments were provided along the 90 km route at Cahir, Kilsheelan, Fidown and Kilmeaden. The cyclists arrived in the Waterford Crystal Sports complex at 2.30pm approx to a warm welcome from the clients and staff of ABI Ireland.

This very successful event was organised and co-ordinated by Katie and Thomas Cunningham from Wind Mill Close Cashel. Katie works as Regional Administrator with ABI Ireland and Thomas is a popular member of the Tipperary Wheelers cycling club.

ABI Ireland wish to express our sincere thanks to the 57 cyclists and to all who were involved in ensuring this event ran smoothly and safely and made it a fun day for all.

The sense of achievement was shared by all - from the youngest participant James Heffernan (14) to the oldest Tony Merrigan (73).
